# Testimonials

"Dr. Larry Stanleigh is a gem of a human being! I was lucky to collaborate with Larry on a couple video initiatives prior to ever seeing him present... and I was blown away when I attended his talk at the ADA+C Wellness Summit. When you speak with Larry, it becomes apparent quickly how experienced and knowledgeable he is, not only in dentistry, but in life. What I didn't expect was how gut-bustingly funny he is, and how he weaves his fantastic sense of humor throughout the pearls he drops throughout his presentation. If you see Dr. Stanleigh's name on a list of presenters... circle it. You won't be disappointed."
